

DEPUTATION IN WRITING

REGIONAL COUNCIL

JULY 9, 2020

Subject: Face Masks for anyone unable to keep the distancing especially indoors at shops, malls etc.

Spokesperson: Sharron Cooke

Name of Group or person(s) being represented (if applicable):

Brief summary of issue or purpose of deputation:

I feel it is imperative to protect both yourself and others from droplets to try to get rid of this tragic virus of COVID 019.

We live in a community and should ensure the safety of all persons within our community. This is a deadly virus that has been killing millions of people all over the world.

Please think of your seniors. They are not able to even be outdoors due to the dangers of this.

Thank you Tom for giving us this opportunity to speak up . Your poll proves just how people feel that we need to protect each other in the best way we can by wearing a mask to keep us all as healthy as possible and be able to enjoy our families and to be able to enjoy some fresh air instead of the isolation that we have all been having to do over the past 5 months. This has been very depressing and lonely.

All the best., Everyone, please be safe.

Sharron Cooke
