**Brief summary of issue or purpose of deputation:**

I support making masks mandatory. As our town of Aurora has been opening up, there have been more cases of COVID-19 almost every day. My concern is that many people do not feel the need or the desire to wear a mask, so it needs to be mandated for indoor public places and on public transit. This may be the only way to ensure that those who refuse to wear a mask, will have to comply. The decision to make masks mandatory is for the health and safety of us all. I believe that this mandate should remain in place until people are vaccinated, or there is medication to deal appropriately with COVID-19.
