

# DEPUTATION IN WRITING

REGIONAL COUNCIL

JULY 9, 2020

**Subject:** Jade McKinnon

**Spokesperson:** No to Mandatory Masks

**Name of Group or person(s) being represented (if applicable):**

---

**Brief summary of issue or purpose of deputation:**

I am a teacher with a school board in our community and have two children of my own. I am extremely concerned about mandating the use of facemasks in York Region. I would like my vote to be a clear NO! to mandatory masks.

The science is contradictory and unsettled. How can you mandate something that is unproven, unsettled and contradictory in every way?! When will the mandate be up? When a vaccine is ready?! As human beings you cannot force a mask against our personal free will.

Masks are meant for the sick!! Not healthy citizens!!! Many medical professionals have come out to say this!! Laws are passed when science is proven over and over and this remains unsettled!!!

No to mandatory masks!!

Encourage our community to eat healthy, exercise and get vit. D from the sunshine!!! Masks continue unhealthy lifestyles and fear to break down our immune systems!

Thank you

Jade McKinnon
