Subject: October vote re item H 2.2 appropriation of Greenbelt

Re: Item H 2.2 potential for employment lands along 400 highways report

Dear Sirs,

I am saddened that York Regional Council is considering asking the province to remove farmland and natural areas from the protection of the Greenbelt and Oak Ridges Moraine Conversation Area to facilitate more urban sprawl.

Please vote against items 1 and 2 on your agenda. Save this wonderful resource for our future generations and endangered species.

Thank you
Suzanne Shields, Thornhill
