

DEPUTATION IN WRITING

COMMITTEE OF THE WHOLE

OCTOBER 8, 2020

Subject: Removal of Land from the Green Belt

Spokesperson: Norine Thomason

Name of Group or person(s) being represented (if applicable):

Brief summary of issue or purpose of deputation:

As a resident of Thornhill, I strongly oppose such a move. That land was set aside for a purpose - for the Future!!!! You know that as well as I do.

Please stop treating this planet like your children and grandchildren had another one to go to!!!!!!!
How proud of you would they be if you voted for something like this. The Moraine was set aside for the future (their future) - for a reason. PLEASE keep it.
It is their land - not ours!!!!!!!

Thank you
Norine Thomason
