SPECIAL REGIONAL COUNCIL

Subject: Motion to move back into red zone

Spokesperson: Michael R. Smith

Brief summary of issue or purpose of deputation: (Deputation in Writing)

I am writing to you today to express my sincere hopes that you will vote in favour of immediate removal of York Region from a lockdown state at your next council meeting. These unnecessary lockdowns are hurting local businesses and those who rely on them as employers and as sources of income. These aren't just businesses being affected by these draconian measures, they are people ... the very same people who voted you in to office. Please don't let us down. Vote to restore York Region to a fully functioning and robust operational state where we are all free to earn a living and contribute in a responsible and respectful manner.

Sincerely yours,

Michael R. Smith
