

February 1, 2021

Dear Sir/Madam

I would like to bring my voice and my opinion alongside

Carmine Perrelli
Deputy Mayor, Regional and Local Councillor
City of Richmond Hill

The lockdowns are not effectively solving the problem of controlling the virus.

We need to let the chips fall where they may. Continue with our lives and protect the vulnerable. Children need to go to school learn and grow with their peers. Social interaction is an intricate part of our society and the fallout of mental illnesses are surpassing the death total of the virus.

We need to chalk this up to an illness that isn't going to go away and live our lives to the best of our abilities staying as safe as possible.

Sincerely

Simone Bixby
Kitchener, ON
