**Subject:** GTA West and Bradford bypass

Good morning,

Following the deputations and letters from your residents regarding this mega Hwy 413, I ask:

- York Region Council put forward a motion supporting the Federal Impact Assessment for both highways or failing that at a minimum refer the report to staff for review and recommendation
- Please do more than simply acknowledge the letters and deputations
- I also ask you review your endorsement of this hwy

I hope you hear your residents, please act on our behalf. We do not need any more mega hways. We need farmland, greenbelt and clean air.
