CAPITAL BUDGET

YORKNET IS BUILDING FIBRE MORE EFFICIENTLY

Procure materials separate from construction contract

Reduce the cost of constructing the network through fibre swaps and coordinated network builds with telecom partners

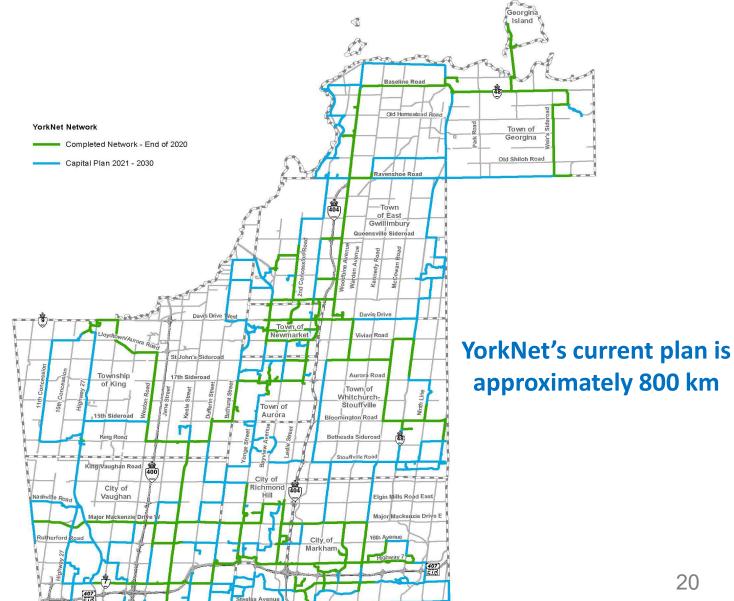

Create a design roster for smaller design assignments

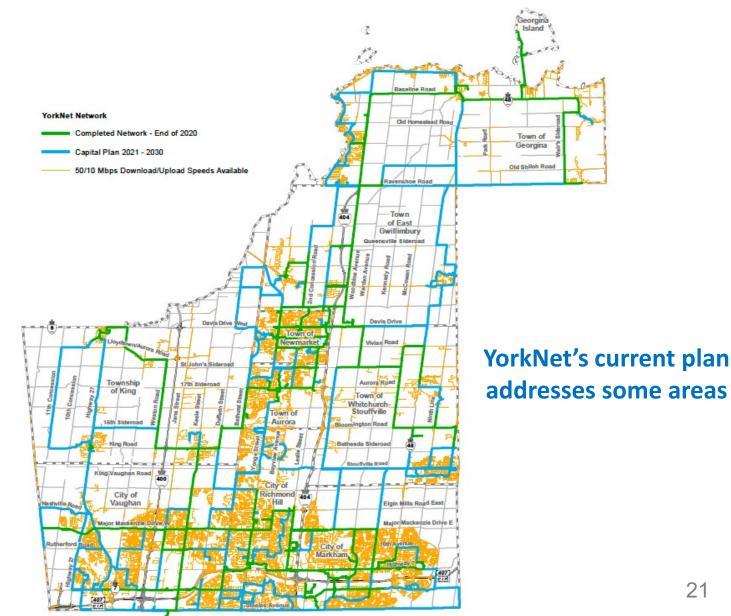

Continued focus on efficient methods of building to decrease the cost/km of construction (ploughing, spacing of infrastructure, amount of slack, type of materials)

OVERVIEW OF THE CAPITAL BUDGET

YorkNet's proposed budget is built to address increased demand for better connectivity, to support a digital world.

- Leverage other funding sources and partnerships to deliver more broadband:
 - The Improving Connectivity for Ontario (ICON) program
 - The Universal Broadband Fund (UBF)
 - Internet Service Provider partnerships
- Proposed project expands the planned network by more than 550 km to blanket the region
- Complete the network earlier for our facilities
