Subject: Please stop the 413 from being constructed

Hi there,

I'm writing to you as a concerned citizen of Ontario, to voice my protest with the proposed 413 highway.

Construction of this highway will destroy many natural wildlife habitats, driving the animals that live there closer residential areas. This increases the chance of exposure to the wildlife and the diseases they carry naturally. Does this sound familiar to you? We're in the middle of a global pandemic because of humans coming into contact with diseased animals. The more of these habitats that we destroy, the more diseases we are going to see transferring to humans. I don't want to live my life going from one pandemic to another. This pandemic has cost so many people their lives, their jobs, their mental health. Just stop! Let the animals have their homes. This highway will not solve any problems, it will actually cause more problems in the long term. Please stop this highway from being constructed. I am begging you, for the well-being of our planet, stop.

Thank you.

Amy Landry
