Issue of 413 Highway

Dear Regional Council Members, my name is Rene Vlahovic and I have lived in the Kleinburg area since 1965.

- I am writing to you, as concerned citizen of Vaughan and surrounding areas. I would like you to reverse the endorsement of the proposed GTA West Corridor/Highway 413.
- This highway will be a disaster to King City, Kleinberg, Laskey and Bolton.
- With the intersection at 400 Laskey will disappear.
- King Side Road will become a major route east. (Already overburdened).
- More traffic will be dumped on to 400. (Already overburdened)
- Kleinburg will have major transportation issues because it will be surrounded by major intersections.
- The route chosen through the Laskey to Bolton has major terrain issues. (Very difficult).
- The building of this highway would very disruptive for 20 years.
- The plan is out of date by about 13 years to be any good.

Yours truly,

Rene Vlahovic
