Subject: Proclamation Request: Up Your Life Day (September 10)

Hello,

I hope this email finds you well.

Please see below and attached for a proclamation request to be considered by the Regional Municipality of York.

Description of Organization (mandate and other relevant information)

[York Support Services Network](#) (YSSN) is a community-based agency supporting adults with serious mental illness and/or a developmental disability. We offer children's case coordination, addiction recovery, dual diagnosis services, case management, peer support, and much more. Our crisis line is always available at 1-855-310-COPE. YSSN receives funding from the Ministry of Children, Community and Social Services and Ontario Health and the Up Hub project is funded by an Ontario Trillium Foundation Grow grant.

Description of Event (explanation and purpose)

Up Your Life Day celebrates a public awareness campaign for [Up Hub](#), York Region's go-to online and print community resource navigator for local services in mental health, addictions and developmental disabilities, as well as a peer-based platform for people to share their stories and uplifting experiences to help others. The day also recognizes people in the community working together to move their lives to the next level, whatever that next level looks like for them. The theme of the day and the campaign are one and the same: Up your connections. Up your community. Up your life.

Please let me know if you have any questions or require any additional information.

Thank you,
Jumol
