

Office of the Chief Planner
Corporate Services Department

MEMORANDUM

To: Regional Chair Emmerson and Members of Regional Council

From: Paul Freeman
Chief Planner

Date: June 28, 2022

Re: Regional Official Plan Adoption Report
Revised Attachment 2 and New Attachment 9

Changes to Attachment 2 for the proposed Regional Official Plan have been made to reflect Council direction and feedback for adoption

As a result of recent decisions and in response to further feedback on the proposed ROP, additional modifications are recommended to be incorporated into the ROP for adoption. These changes are included in a new Table 3, in the attached revised Attachment 2.

Updated Regional Official Plan Tables 1, 4 and 6 reflect Council direction

The following Tables in the Regional Official Plan are impacted by decisions on growth management, including the quantum of Community Area and Employment Area lands:

- Table 1 – York Region Population and Employment Forecast by Local Municipality
- Table 4 – York Region Designated Greenfield Area (DGA) targets by Local Municipality
- Table 6 – York Region Residential Intensification Targets by Local Municipality 2016-2051

A new Attachment 9 is required to reflect yet to be finalized Council direction

A final set of these Tables is required once Council's designations are finalized. Attachment 9A reflects decisions made by Council up to, and including, decisions made on May 26, 2022. At the time of writing this memorandum, Council had not made a decision on Council [Motion 1.5](#) proposing a Community Area designation for portions of Block 66. The June 16 2022

Committee of the Whole agenda includes a [Report on the Block 66 motion](#). Depending on Council's decision on Motion I.5 for Block 66 in Vaughan, in addition to decisions made up to May 2022, Attachment 9B reflects the increase in population and decrease in employment which would result from a Community Area designation for the Block 66 lands identified in Council's decision on the will determine which version (Attachment 9A or 9B) of the Tables are adopted.

Paul Freeman, MCIP, RPP
