Brief summary of issue or purpose of deputation:

The purpose of our deputation is to seek support for the annual Ride for SickKids event. We are specifically requesting financial aid for the event which happens yearly the second Sunday in August. The support we are seeking includes financial assistance as well as collaboration with the City for logistical support and coordination with the police and emergency services for event day assistance.

We aim to establish the Ride for SickKids as a yearly event on the calendar and the City's support would greatly contribute to its success and impact.
