

## **2019 Water and Wastewater Capacity Assignment to Support Growth**

On September 26, 2019 Regional Council made the following decision:

1. Council authorize assignment of water and wastewater servicing capacity of 108,638 persons to local municipalities to support forecasted growth to the end of 2026
2. Council authorize staff to establish a reserve of 4,000 persons to support purpose-built rental housing initiatives, subject to area constraints
3. To facilitate ongoing coordination and tracking of servicing capacity, local municipal partners continue to:
  - optimize distribution of servicing through the implementation of best practices for servicing capacity management outlined in Table 1 of this report
  - confirm details of servicing allocation on a semi-annual basis
  - participate in the Regional Long Term Water Conservation Strategy and Inflow and Infiltration Reduction Strategy, including participation in incentive programs to obtain as a minimum 10% additional servicing capacity
4. The Regional Clerk circulate this report to the local municipalities
