

ESTIMATED EXPENDITURES ON INVASIVE SPECIES BY ONTARIO MUNICIPALITIES & CONSERVATION AUTHORITIES

Between 2017-2019, the Invasive Species Centre (ISC) conducted online and telephone surveys to review current known and reported expenditures on invasive species incurred by municipalities and conservation authorities in Ontario. We received data from 147 municipalities and 23 conservation authorities specific to the most recent fiscal year or annual expenditures. Estimates are based on averages and extrapolations of this data.

Total estimated expenditures by municipalities and conservation authorities across Ontario:

\$50.8 MILLION/YEAR

Estimated average expenditure per **Ontario municipality**:

\$218,148/YEAR

This number includes an average **\$1,077,562/YEAR** spent by **urban areas**, **\$213,518/YEAR** spent by **counties**, and **\$28,976/YEAR** spent by **townships**.

Estimated average expenditure per **Ontario conservation authority**:

\$314,724/YEAR

AVERAGE ANNUAL EXPENDITURES BY REGION:	
PER MUNICIPALITY	PER CONSERVATION AUTHORITY
\$10,770	\$9,735
\$132,424	\$293,757
\$527,573	\$710,222
\$172,939	\$127,403

ESTIMATED ANNUAL EXPENDITURES ON INDIVIDUAL INVASIVE SPECIES

HOW WAS THE MONEY SPENT?

Municipalities

Conservation Authorities

- ◆ Prevention
- ◆ Detection
- ◆ Control & Management

It pays to invest in prevention. The invasion curve shows that investing in prevention provides economic returns **100x higher** than management after species arrival.²
